1 Thessalonians 4

¹³ But **I do not want you to be ignorant**, brethren, concerning those who have fallen asleep, lest you sorrow as others who have no hope.

¹⁴ For if we believe that Jesus died and **rose again**, even so God will bring with Him those who sleep in Jesus.

¹⁷ Then we who are alive *and* remain shall be caught up together with them in the clouds to meet the Lord in the air. And thus we shall always be with the Lord. ¹⁸ **Therefore comfort one another with these words.**

Hydrogen

- clean burn – water the only product
- highly volatile
- highly corrosive, eats stainless steel, need lining
dissolves silicon and rubber – o rings
- relatively low energy density
- bi-product from fertilizer manufacture or crude oil cracking.

Hydrogen can also be highly explosive, which you must consider when bunkering; there must be a very wide exclusion zone when the fuel is transferred. When we have planned it out as a marine fuel in Norway, it has to be bunkered in an empty fjord with no one living there.

London Assembly Transport Committee - 14 December 2022

Transcript of Agenda Item 6 - Road User Charging

Sadiq Khan's pay-per-mile plot: Mayor hatches plan to charge motorists depending on the time of day, how many passengers are in their car and how far they drive in London

'Road use charging is interesting,' he told the Financial Times. 'If you get rid of the congestion charge, get rid of ULEZ, get rid of road tax, and charge people depending on how many miles they drive, how polluting their vehicle is, what time of day they're driving, are there alternatives related to public transport, how many people are in the car, that's potentially quite exciting.'

'The problem is the technology's **quite a long way off**.'

The Mayor last touched on the topic of per-mile charging in February, when he revealed to the London Assembly that **ULEZ cameras could be used to enforce the measure**.

He told Assembly members: 'ANPR cameras could form part of the potential operation of such a scheme but **no proposals have been developed**.' (10th April 2023)

This project would not have been possible without our funders –Van and Eva DuBose, and our major sponsors, Arup, emovis, Mastercard and the C40 Cities Climate Leadership Group – and we would like to thank them for their generous support.

Van and Eva DuBose – chairs and major funders of Centre for London

Arup – leading development towards a Net Zero world

Emovis - a global leader in toll-based mobility solutions and services.

Mastercard - a leader in global payments and a technology company that connects billions of consumers, thousand of financial institutions, and millions of transactions.

C40 Cities -

Joining up the dots

The time has come to bring road user charging into the Digital Age

By 2025 London could have a growing number of charging schemes, each with differing:

- Vehicle standards
- Hours of operation
- Charge amounts
- Payment arrangements

London should replace existing and planned schemes with a single system, which this report calls *City Move*.

City Move would:

- Charge drivers per mile
- Apply in areas of high demand and poor air quality

Rates would vary by:

- Vehicle class and emissions
- Local levels of congestion and pollution
- Availability of public transport alternatives

City Move would help people make informed travel choices.

It would be integrated with the rest of the transport system, comparing the costs and impacts of taking the bus, tube, train, car-sharing, taxi hailing, bike hire, cycling, walking, etc.

City Move would bring many benefits:

For users

- Simpler
- Smarter
- Fairer

For the city as a whole

- More efficient
- Healthier
- Greener

The technology exists and the Mayor of London has powers required to implement such a scheme.

Cities around the world are beginning to develop *City Move* type schemes. If London wants to remain at the forefront of transport innovation and to create a better urban environment, it needs to act now.

User registers for an account, adding personal and payment details, any vehicle details and link to Oyster or contactless details.

User account receives Mobility Credits upon registration when applicable

When planning a journey, user inputs journey start and end points

Platform calculates the best routes and presents a number of options, including train, bus, private car, car club, cycling, etc.

Platform compares the journey time, cost, emissions and physical activity impact of each option, and user selects preferred option

User is emailed monthly updates including journey history, itemised billing, emissions impact and activity levels to date

User has the option to find available car or bicycle parking space and pay for it via the app

Any train tickets can be booked in advance, train and tube journeys are paid via Oyster or directly through the app, any driving charge is applied at the end of the journey

Platform produces journey instructions along the route

User has the option to add fellow passengers to the same journey and to split the cost with them

Platform verifies choice by presenting a number of alternatives, e.g. travel an hour later and it would be cheaper; drive to the station, then take the train and it would be faster, etc.

Joining up the dots

Digital ID/ Passport

Wednesday 22nd March - Hansard

MP X

The Leader of the House will no doubt recall that we both ran on a manifesto commitment in 2010 to scrap Labour's plans for identity cards, and we were supported by the electorate on libertarian and privacy grounds. Given that there has been no public consultation on the matter since, can we please have a debate on any Government plans for the introduction of digital IDs, which have recently been trumpeted by Tony Blair, the heir apparent to the World Economic Forum throne and, interestingly, the original proponent of the identity card plans that the electorate rejected at the ballot box?

Leader of the House

I will say two things to the Hon. Gentleman. First, that is our record; it is incredibly important that such matters are debated, but there are no such plans to introduce the measures that he alludes to. Neither, I am afraid, is the mention of the World Economic Forum or some global conspiracy that sits behind all of this remotely accurate or based in fact.

I say to the hon. Gentleman, having seen some of the things that he has put out this week, that—he is very diligent—he might like to do some research as to the origins of some of the things that he has been putting on his Twitter account: for example, that the US Department of Defence is actually responsible for producing covid. The provenance of those falsehoods is Russia and China. If the hon. Gentleman wants to repeat such conspiracy theories and if he believes them, I pity him. If he does not believe them and he is repeating them for another matter, I would ask him to check his behaviour.

Digital ID/ Passport

What is the real agenda?

Friday 24th March – Hansard

MP X

On a point of order, Mr Deputy Speaker. Yesterday, during business questions, I asked the Leader of the House to bring forward a debate on the Government’s plans for the introduction of digital IDs. In her response, the right hon. Lady stated that the Government have

“no such plans to introduce the measures”—[Official Report, 23 March 2023; Vol. 730, c. 457.]

that I alluded to. On 4 January 2023, the Cabinet Office published a consultation titled “Consultation on draft legislation to support identity verification”. The ministerial foreword to that consultation states:

“This Government has made a commitment to improve the way that data and information is shared and used across the public sector to deliver better, joined up services and exceptional outcomes for our citizens... the government is committed to realising the benefits of digital identity technologies without creating ID cards.”

My question yesterday was substantively about digital ID. The Leader of the House’s answer was demonstrably factually incorrect. I would welcome your advice as to how the Leader of the House may set the record straight, Mr Deputy Speaker.

Mr Deputy Speaker (Sir Roger Gale)

First, I thank the hon. Gentleman for giving notice of his intention to raise this point of order. He is aware that the contents of answers to parliamentary questions and contributions is not a matter for the Chair. However, I must remind the House that the Government’s own ministerial code requires Ministers to correct any inadvertent errors in answers to parliamentary questions at the earliest opportunity. If an error has been made in this instance, I am sure that the Government will seek to correct it as quickly as possible. Of course, the Leader of the House may take the view that there is no inaccuracy.

Tony Blair calls for digital libraries to track vaccines - 'You need the data, you need to know'

yahoo/news | JAMES CHENG-MORRIS
20 January 2023, 1:38 pm

Tony Blair: 'You need the data: you need to know who's been vaccinated and who hasn't been.' (World Economic Forum)

Tony Blair has called for digital libraries that can record the vaccination status of people around the world in future pandemics.

Blair's call is the latest of several that he and his nonprofit, The Tony Blair Institute for Global Change, have made for an expansion of mandatory digital surveillance infrastructure.

His institute has called for digital IDs and said increased surveillance is a "price worth paying." Blair himself has also called for mandatory vaccine passports.

digital ID. It has proposed a system that monitors online behavior, biometrics, purchases, and more to determine access to a wide range of services.

Revelation 6

First Seal: The Conqueror (by deception)

¹ Now I saw when the Lamb opened one of the seals; and I heard one of the four living creatures saying with a voice like thunder, “Come and see.” ² And I looked, and behold, a white horse. He who sat on it had a bow; and a crown was given to him, and he went out conquering and to conquer.

Second Seal: Conflict on Earth (ethnic)

³ When He opened the second seal, I heard the second living creature saying, “Come and see.” ⁴ Another horse, fiery red, went out. And it was granted to the one who sat on it to take peace from the earth, and that *people* should kill one another; and there was given to him a great sword.

Third Seal: Scarcity on Earth (famine)

⁵ When He opened the third seal, I heard the third living creature say, “Come and see.” So I looked, and behold, a black horse, and he who sat on it had a pair of scales in his hand. ⁶ And I heard a voice in the midst of the four living creatures saying, “A quart of wheat for a denarius, and three quarts of barley for a denarius; and do not harm the oil and the wine.”

Fourth Seal: Widespread Death on Earth (wars, sudden death, plague)

⁷ When He opened the fourth seal, I heard the voice of the fourth living creature saying, “Come and see.” ⁸ So I looked, and behold, a pale horse. And the name of him who sat on it was Death, and Hades followed with him. And power was given to them over a fourth of the earth, to kill with sword, with hunger, with death, and by the beasts of the earth. (plague/sickness)

Fifth Seal: The Cry of the Martyrs

⁹ When He opened the fifth seal, I saw under the altar the souls of those who had been slain for the word of God and for the testimony which they held. ¹⁰ And they cried with a loud voice, saying, “How long, O Lord, holy and true, until You judge and avenge our blood on those who dwell on the earth?” ¹¹ Then a white robe was given to each of them; and it was said to them that they should rest a little while longer, until both *the number* of their fellow servants and their brethren, who would be killed as they *were*, was completed.

Sixth Seal: Cosmic Disturbances

¹² I looked when He opened the sixth seal, and behold, there was a great earthquake; and the sun became black as sackcloth of hair, and the moon became like blood. ¹³ And the stars of heaven fell to the earth, as a fig tree drops its late figs when it is shaken by a mighty wind. ¹⁴ Then the sky receded as a scroll when it is rolled up, and every mountain and island was moved out of its place. ¹⁵ And the kings of the earth, the great men, the rich men, the commanders, the mighty men, every slave and every free man, hid themselves in the caves and in the rocks of the mountains, ¹⁶ and said to the mountains and rocks, “Fall on us and hide us from the face of Him who sits on the throne and from the wrath of the Lamb! ¹⁷ For the great day of His wrath has come, and who is able to stand?”

Matthew 24

³ As Jesus was sitting on the Mount of Olives, the disciples came to him privately. “Tell us,” they said, “when will this happen, and **what will be the sign of your coming and of the end of the age?**”

⁴ Jesus answered: “**Watch out that no one deceives you.** ⁵ For many will come in my name, claiming, ‘I am the Messiah,’ and **will deceive many.**

⁶ You will hear of wars and rumours of wars, but see to it that you are not alarmed. Such things must happen, but the end is still to come. ⁷ Nation will rise against nation, and kingdom against kingdom. There will be famines and earthquakes in various places. ⁸ All these are the beginning of birth pains.

⁹ “Then you will be handed over to be persecuted and put to death, and you will be hated by all nations because of me. ¹⁰ At that time many will turn away from the faith and will betray and hate each other, ¹¹ and many false prophets will appear and deceive many people. ¹² Because of the increase of wickedness, the love of most will grow cold, ¹³ **but the one who stands firm to the end will be saved.** ¹⁴ And this gospel of the kingdom will be preached in the whole world as a testimony to all nations, and then the end will come.

Joining up the dots

James 1

⁵ If any of you **lacks wisdom**, let him **ask of God**, who gives to all liberally and without reproach, and it will be given to him.

1 Corinthians 12

⁷ But the manifestation of the Spirit is given to each one for the profit *of all*: ⁸ **for to one is given the word of wisdom through the Spirit, to another the word of knowledge through the same Spirit,** ⁹ to another faith by the same Spirit, to another gifts of healings by the same Spirit, ¹⁰ to another the working of miracles, to another prophecy, to another discerning of spirits, to another *different* kinds of tongues, to another the interpretation of tongues. ¹¹ But one and the same Spirit works all these things, distributing to each one individually as He wills.

Joining up the dots

Revelation 13

¹¹ Then I saw another beast coming up out of the earth, and he had two horns like a lamb and spoke like a dragon. ¹² And he exercises all the authority of the first beast in his presence, and causes the earth and those who dwell in it to worship the first beast, whose deadly wound was healed. ¹³ He performs great signs, so that he even makes fire come down from heaven on the earth in the sight of men. ¹⁴ And **he deceives those who dwell on the earth** by those signs which he was granted to do in the sight of the beast, telling those who dwell on the earth to make an image to the beast who was wounded by the sword and lived. ¹⁵ He was granted *power* to give breath to the image of the beast, that the image of the beast should both speak and cause as many as would not worship the image of the beast to be killed. ¹⁶ He causes all, both small and great, rich and poor, free and slave, to receive a mark on their right hand or on their foreheads, ¹⁷ and **that no one may buy or sell except one who has the mark or the name of the beast, or the number of his name.**

¹⁸ **Here is wisdom.** Let him who has understanding calculate the number of the beast, **for it is the number of a man:** His number is 666.

Joining up the dots
